

Rehabilitation Center Maintains HIPAA Compliance with Secure Document Destruction

Industry: Healthcare

Services Used: Shredding Services

“...It’s the responsiveness and the timeliness and their willing[ness] to personalize the service to our needs that is very important to me. It’s been a great partnership with Applied Innovation.”

Shane Kistler, Director of Business
Hope Network

Customer Challenge

Hope Network Neuro Rehabilitation Center was unhappy with the timeliness and responsiveness of their shredding provider. To meet their business needs, Hope Network needed a partner to securely destroy confidential health documents on-site and outside of normal pickup schedules.

Applied Solutions

Applied Innovation provided secure, locked containers for sensitive documents and created a pick-up schedule at intervals that worked for Hope Network. Applied offered two additional services to meet Hope Network’s business needs: ad-hoc pickups and dedicated purge days.

The Benefits
