Customer Challenge

ADAC Automotive faced significant challenges in its Contracts Division, grappling with outdated and labor-intensive paper-based processes. The extensive reliance on filing cabinets, off-site storage and copiers resulted in inefficiencies, hindering productivity and agility. Retrieving vital documents was time-consuming and costly, impacting operational effectiveness.

Applied Solutions

With an existing partnership with Applied Innovation for copiers and printers, ADAC capitalized on their expertise in document management solutions. Applied facilitated the implementation of an advanced Document Workflow Solution, empowering ADAC to centralize document storage and streamline workflows. Applied provided extensive support and organized user conferences to guarantee optimal system utilization to ensure ADAC maximized the benefits of their investment.

The Benefits

- Cost savings and reduced clutter from physical storage elimination
- Streamlined workflows boosts productivity, enabling focus on value-adding tasks
- Enhanced efficiency
- Reduced document retrieval time
- Existing partnership positions ADAC for future success

At Applied Innovation, we have over 35 years of technology expertise, 500+ team members, world-class brand partners, and a passion you’ll rarely find in a business like ours. Plus, as an independent dealer, we have the autonomy to always do what’s right for you.

Whether your goal is adopting new technologies, making smarter use of the tools you already use, or maybe a mix of both, our people are always available. And always happy to help.
